

RESIDENT ENGINEER

HEB Engineers is currently seeking a highly motivated individual to join our team as a Resident Engineer. This is a seasonal position with an anticipated schedule of spring through fall and dependent on construction schedules; details will be defined upon hiring. Schedule flexibility is a must. Temporary positions may also be available. HEB offers employee ownership and fulfilling work opportunities in our growing firm. Our generous benefits package includes health insurance, 401k, profit sharing, volunteer time off, and paid time off.

Experience: 5+ years of construction engineering or construction experience.

Education: BS in Civil Engineering preferred.

Licensure: EIT or PE preferred.

Software: Proficiency with Microsoft Office; knowledge of AutoCAD software a plus.

Requirements and Responsibilities:

- » Ability to work on multiple projects simultaneously; interact effectively with team members, clients, contractors, and the public.
- » Perform on-site construction observation tasks as required by the Project Manager.
- » Experience in construction required.
- » This position requires the ability to perform moderate physical work and may require the ability to travel between multiple construction sites within the same day.
- » This position is highly dependent on construction schedules and therefore flexibility in scheduling is required.
- » Valid driver's license required.

Please send resume to jgagne@hebengineers.com.
